

Reply to Century Communication comments:

Commissioners, below is proof off what we the homes owners of Live Oak Preserve are receiving for today March 25th 9:25am. This has been going on 12 major channels since 6:05am when I woke up. As you can see this is not quality service. I tried to reach Century at 6:15 with no call back.

I ask the commission please help LOP owners get the service they deserved four years ago.
